For Sheriff of Pinal County

JOE T. McKINNEY

Candidate for the Democratic nomination for SHERIFF of PINAL COUNTY, solicits your vote at the forthcoming Primary Election with the promise that if successful, the office of Sheriff will be administered without fear or favor. I stand for the enforcement of all the laws and for EQUAL JUSTICE to all. I believe the laws were intended for all the people and not for the benefit of a certain few. There will be no "man higher up" if I am sheriff of this county. I have been a resident of Arizona for thirty years and have been a peace officer a good part of that time.

FINANCES AND MARKETS

[Republican A. P. Leased Wire]
NEW YORK, Sept. 2. (Wall Street).—Today's market hesitated at the outset, first quotations indicating doubt on the part of the professional element as to the significance of overnight developments in the railway labor situation. This condition gave way later to general strength, the advance aided by extensive short covering.

Trading in Marines, which supplied over 25 per cent of the brief session's turnover, was the noteworthy feature. A new maximum was also made by American zinc preferred, which advanced 3 1/2 points to 74 1/2. Coppers and other metals were 1 to 2 points higher, munitions and petroleum advanced about as much and motors made up some of their recent losses, with additional gains in accessories.

United States Steel came forward towards the last, being taken up to 96 1/2, an extreme gain of 1 1/2, and placing it with the quarterly and extra dividends of the previous day, within 1/2 point of its high record.

Reading and Canadian Pacific led the advancing movement in rails at gains of almost 2 points. Total sales amounted to 274,000 shares.

The foreign exchange market was a nominal affair.

Bonds were steady, but dull, Anglo-French five largely dealt in. Total sales, par value, were \$1,445,000.

United States coupon four rose 1/2 per cent on call during the week.

CLEARING HOUSES.

NEW YORK, Sept. 2.—The statement of the actual conditions of clearing house banks and trust companies for the week shows that they held \$95,829,140 reserve in excess of legal requirements. This is a decrease of \$29,561,220 from last week. The statement follows:

Actual conditions:

Loans, discounts, etc., \$3,292,237,000; increase, \$45,435,000.

Reserve in own vaults (B), \$441,584,000; decrease, \$1,746,000.

Reserve in federal reserve banks, \$161,586,000; decrease, \$6,285,000.

Reserve in clearing house statement, \$157,000; decrease, \$1,090,000.

Net demand deposits, \$3,254,361,000; increase \$42,217,000.

Net time deposits, \$170,408,000; decrease \$9,162,000.

Circulation, \$31,387,000; increase, \$248,000.

(B) of which \$374,408,000 is specie.

Aggregate reserve, \$656,507,000.

Excess reserve, \$95,829,140; decrease, \$29,561,220.

Summary of state banks and trust companies in greater New York, not included in clearing house statement:

Loans, discounts, etc., \$714,637,200; increase, \$738,700.

Specie, \$59,428,700; decrease, \$79,700.

Legal tenders, \$8,841,300; increase, \$218,900.

Total deposits, \$881,009,000; increase, \$6,138,800.

Bank's cash reserve in vaults, \$11,844,300.

Trust companies' cash reserve in vaults, \$56,525,700.

WEEKLY FINANCIAL REVIEW.

NEW YORK, Sept. 2.—All other considerations and developments of the financial week were lost sight of in the railway labor situation, which approached its crisis just before the adoption of the eight-hour law by the lower house of congress. Wall street entered upon its double holiday in the firm belief, as indicated by the strength of the market, that the measure would pass the senate and become a law in time to avert the threatened strike.

Rails were under more or less restraint in the stock market, though coming forward later with other investment shares. The trend of speculation, which lacked the volume and scope of the preceding week, was clearly towards industrials and shipping issues.

Metal shares also improved perceptibly, the increased and extra dividends declared by leading copper producers being formed by the high records of inspiration copper and some of the zinc issues.

Automobile issues moved contrarily most of the time.

United States Steel came within 1/2 of its record quotation in the last week, selling equivalent to 99 1/2, minus its regular and extra dividends of 2 1/2 per cent and other industrials of the same class manifested a higher tendency, international financial conditions found their only reflection in the new low quotation of 49 1/2 for German remittances with a steady recovery in the value of rubles.

RESERVE BANKS CONDITION.

WASHINGTON, Sept. 2.—The combined resources and liabilities of the twelve federal reserve banks, September 1 were as follows:

Resources: Gold coin and certificates in vault, \$245,258,000; gold settlement fund, \$104,601,000; gold redemption fund with United States treasurer, \$1,812,000; total gold reserve, \$351,711,000; legal tender notes, silver, etc., \$12,685,000; total reserves, \$364,396,000; five per cent redemption fund against federal reserve bank notes, \$500,000.

Bills discounted and bought: Matured within ten days, \$15,733,000; from 11 to 30 days, \$23,671,000; from 31 to 60 days, \$42,574,000; from 61 to 90 days, \$21,250,000; over 90 days, \$2,342,000; total \$105,670,000.

Investments: United States bonds, \$6,821,000; one year treasury notes, \$8,257,000; municipal warrants, \$21,302,000; total earning assets, \$137,380,000; federal reserve notes net \$20,890,000; due from federal reserve banks net, \$35,607,000; all other resources, \$3,611,000; total resources, \$667,102,000.

Liabilities: Capital paid in, \$55,330,000; government deposits, \$50,918,000; member bank deposits net, \$484,197,000; federal reserve notes, \$14,416,000; federal reserve bank notes in circulation, \$1,890,000; all other liabilities, \$291,000; total liabilities, \$697,402,000; gold reserve against net deposit and note liabilities (A) 68.4 per cent; cash reserve against net deposit liabilities after setting aside 40 per cent cash reserve against aggregate net liabilities; on federal reserve notes in circulation, 71.4 per cent.

CHICAGO GRAIN.

CHICAGO, Sept. 2.—Confidence that a settlement of the threatened railway strike would be effected led to a decided upturn today in wheat. The close was strong at the highest level of the session, a net advance of 2 1/2c to 4 1/2c, with December at \$1.47 1/2 to \$1.47 and May at \$1.49 1/2 to \$1.49 1/2. Other leading staples, too, showed gains, corn 1/2 to 3/4c; oats 1/2 to 1 1/4c and provisions 15 to 50 cents.

Disappearance of anxiety over the chance that the 8-hour bill might be defeated was evident from the outset in the wheat market. All pressure to sell was absent and instead, signs developed that foreign demand had become urgent. Indeed, cash premiums paid by exporters were the highest of any time this season.

Notice of a general nullification of railway embargoes seemed to be confidently responsible for the activity of foreigners. Although at intervals during the day realizing by holders was on a liberal scale, the ensuing downturn in values proved brief.

Corn like wheat showed abroad general demand. Oats displayed in-

dependent strength owing to announcement that the British government had taken 1,000,000 bushels here.

Speculators and packers were active buyers of provisions. Optimism in regard to the railroad situation acted as more than an offset for a decline which took place in the hog market. Close:

Wheat—Dec. \$1.47 1/2; May \$1.49 1/2. Corn—Dec. 82 1/2c; May 76 1/2c. Oats—Dec. 48 1/2c; May 51 1/2c. Pork—Oct. \$26.75; Jan. \$24.90. Lard—Oct. \$14.45; Jan. \$14.00. Ribs—Oct. \$14.37; Jan. \$13.17.

Three New Oil Millionaires of Oklahoma

ROY M. JOHNSON, Printer

EDWIN GALT, Clerk

A. T. M'GEE, Carpenter

These three Oklahomans recently organized the Crystal Oil Company, each man investing a few hundred dollars. One a printer, another a clerk, and a third a carpenter; they determined to seek their fortunes in the oil business. They were successful from the first and now have oil properties worth several million dollars, so that each has become a millionaire in less than two years time and on an investment of only a few hundred dollars.

These men did what thousands of other men have done and are today doing in the prolific Oklahoma fields. Oklahoma has the world's greatest oil fields and far more fortunes have been made here than in any other field in the world. More fortunes have been made by small investors in these fields the past few years than have ever been made in any other business.

More money has been made here the past year than ever before, because of the high price of oil and because of the enormous increasing demand.

Now is the time to get an interest in this wonderful field and share in this \$10,000,000 per month pouring from these oil fields.

We now offer you an opportunity to do this. We have in stock to sell our own big property in the Famous Bald Hill Pool that is surrounded by twenty-two hundred producing oil and gas wells worth millions of dollars.

YOU CAN SECURE AN INTEREST IN THIS VALUABLE PROPERTY and then share in all the profits from all the wells we drill on it. We want to fully develop this property and drill it full of wells as fast as we can.

This property is now divided into tracts. You can buy from one to ten of these tracts. The tracts are \$40 each but you only pay \$20 on each tract. You then receive a Warranty Deed to your Tracts. The remaining \$20 is later deducted from your earnings after you have received \$40 in cash dividends on each tract. In this way we guarantee to return to you in cash, double the amount you invested, before we receive the last half of the purchase price.

Write today. Only a limited number of tracts to be sold. No purchaser can buy more than 10 tracts.

M. G. Young, Exchange National Bank, Muskogee, Okla.

"This company has deposited \$1000 in cash with us guaranteeing to any purchaser the refund of all money paid, together with the round-trip railroad fare and all traveling expenses if their proposition is not as represented."

"We have had considerable and very satisfactory dealings with the officers of this Company during the past ten years. They have been successful in the oil business. I am familiar with their property and believe it a good investment."

Mail the coupon now. Get all the facts—then decide.

Please send me maps and photographs of your property with full information of your offer. (All free.)

MARKET NEWS
By R. Allyn Lewis

Wall Street Journal—If the market movement of prices can be taken as a real reflection of economic opinion, the idea expressed seems to be that a crisis has been forced because of the political situation.

It is certain that the legality of the 8-hour law will be tested and it is generally believed that it is unconstitutional and will be declared so by the supreme court.

WHEAT—Although uncertainty is still prevalent regarding strike outcome, a great deal of buying has been done on theory that settlement expected is fact. There was a scramble for cash wheat in all positions.

EXPORTERS taking everything available. Reports of Grecian king abdicating.

lacks confirmation also defection of Hungary. Cash sales 20,000. Sea-board reported 600,000 for export.

CORNS—Closed higher and strong throughout following wheat and on the partial resumption of shipping trade as before the strike interruption. Some sold for export from here. Cash in sample market 2 to 4c higher than yesterday. Eastern houses were influential buyers. Cash sales 160,000. Seaboard reports 100,000 for export.

OATS—Insistence of a million bushel by the British government yesterday was the bull incentive. Strength of other grains helped the market. Cash prices gained about a cent relative to futures today. Cash sales 290,000 including 100,000 for export.

Copper is firm at 28 cents; spelter is very heavy with a large over production.

It's along about this time that the June bride reminds her husband how

he would have been a raving dyspeptic by this time if she hadn't reached out and rescued him with some sensible cooking.
